September 2025 - Library Visits

September 2025 Programs

111 Programs with 774 Attendees

The Library's Odyssey of the Mind program was selected to receive the 2025 Zeb's Community Compassion Grant. Jeff will be attending the Volunteer of the Year Awards event on October 15th to accept on behalf of the Friends.

Sherri has seen increased engagement with our virtual program offerings as we transition into the fall. 48 people attended various author talks and learned about "Who Really Wrote Shakespeare" over the course of the month.

Drea created a weekly Teen Trivia Challenge for the month of October to get our new group of afterschool visitors acquainted with the Library, our staff, and each other. Contest winners will be invited to a pizza party at the end of the month.

Due to the release of a feature film about his book "The History of Sound," Ben Shattuck will not be able to attend our One Book, One Valley event in person. A hybrid event, with the author attending virtually, has been scheduled for October 23rd at the Majestic Theater.

All town employees attended harassment training with Primex at the end of September.

Over 50 volunteers attended this year's Volunteer Appreciation Dinner. Everyone enjoyed the fantastic food from Mineral Springs Cafe while having the chance to socialize with other community members passionate about the Library.

The Friends hosted a successful park-themed Trivia Night at Tuckerman Brewing Co. We look forward to continuing this partnership in the future!

Kennett High School and the Alumni Association agreed to loan their covered bridge painting by Ernie Brown to the Library for exhibit. All four paintings are currently displayed in the Great Hall.

Respectfully submitted,

Jefferson M. Beavers
Library Director
